## Education

**Gandhi Institute of Technology and Management**

*Bachelor of Technology in Computer Science*

**August 2022 – May 2026**

*Hyderabad, Telangana*

## Career Objective

Soon-to-be Computer Science graduate eager to continue exploring the inspiring, innovative field of Android Development with a strong focus on Kotlin. As an intern with hands-on experience in Kotlin-based development, I am looking to join an Android Development team as a junior developer.

## Experience

**Developers Breach**

**January 2025 – Present**

*Android Intern*

*Remote*

- Contributed to open-source projects by refactoring UI components for scalability and clean architecture.
- Implemented Unit and UI tests, including Screenshot Testing with Jetpack Compose.
- Authored technical articles, including *KtLint – The Ultimate Guide to Kotlin Code Formatting* and *Compose Screenshot Testing with CI/CD integration*.
- Created interactive Kotlin quizzes to support learners: *Kotlin Quizzes*.

## Projects

**Learning Curve** | *Kotlin, Jetpack Compose, Firebase, Android Studio*

**January 2025**

- Developed a native Android app recommending courses based on user interest tags.
- Integrated Firebase for authentication, Firestore as the database, and Gemini AI chatbot.
- Applied clean architecture and used Coursera dataset from Kaggle for recommendations.

**Kotlin Dictionary** | *Kotlin Multiplatform, Jetpack Compose, Android Studio*

**May 2025**

- Contributed to this educational Android app for learning Kotlin through technical content and quizzes.
- Used AI tools to automate content generation, improving consistency and speeding up documentation.
- Implemented clean architecture and modular code structure to enhance maintainability and scalability.

## Technical Skills

**Languages:** Kotlin, Java, C, Python, SQL

**Technologies/Frameworks:** Jetpack Compose, Firebase, GitHub, Figma, Canva

**Architecture & Design:** Clean Architecture, MVVM

## Leadership/Extracurricular/Achievement

**IITians Chinmay Academy**

**January 2021 – January 2022**

*Python GUI Developer & Social Media Designer*

- Developed a GUI application using Python Tkinter for students where teachers can feed questions through MS Excel.

**Google Developer Student Club**

**June 2023 – June 2024**

*Android Developer*

- Won 2nd place in the Internal Smart India Hackathon 2023 at GITAM University, Hyderabad.

**Google Developer Group On-Campus**

**September 2024 – April 2025**

*Campus Lead '25*

- Organizing events on campus and leading a team of developers.
